

2016 Membership Drive

The Woodland Hills Neighborhood Association (WHNA) was created in order to build a community atmosphere within Woodland Hills and to ensure that it is a great place to call home. Our mission is to continue to improve the beauty, peacefulness, and residential character of our community.

Membership is open to anyone living in, or interested in, the Woodland Hills Neighborhood. Benefits of membership include: WHNA yard sign, neighborhood social events, annual yard sale, neighborhood activism, community building events, lifelong friendships, and much more.

As in town living becomes more popular and our neighborhood continues to become a destination for new homeowners, it is important that our community works together to preserve Woodland Hills' character and beauty. Strong neighborhood associations have been shown to improve home values and desirability. By proudly displaying your WHNA yard sign, you will allow all visitors to see the pride we have in our neighborhood.

Recent WHNA achievements!
